

Mathematics Flow Chart

Math Explorations is another course offered for a math credit and is open to 11th and 12th grade students.

Students entering 9th grade have the option of starting in **Algebra IA**, **Algebra**, or **Geometry**.

Students looking to attend a four-year college need to pass Advanced Algebra.

Two math credits are required for graduation, one of which being an **Algebra**.

Algebra IA is a year-long course teaching the first half of Algebra. **Algebra IB** is a year-long course teaching the second half of Algebra.
